

Dear Members

Another season is just about over: It's been a very good summer for Lake Entiat Estates, with many members building Cabins, and putting new double wide mobile homes on their lots.

Also the new tennis courts are finished, with people enjoying them, a basketball  $\frac{1}{2}$  court is done also and being enjoyed. The poolside water slide is really enjoyed by all, children and adults alike.

Gary Hull, at his own expense, put a slalom course on the lake and all water-skiers are really enjoying it - Many thanks to Gary.

Another big thank you to the Chases, Marriotts, Hulls, Vances and Divines for planning get togethers for all members to enjoy.

As outgoing secretary I would like to say that it's been a very rewarding job - I've met many very nice people, and it's been really nice to see so many people building and improving their lots. The Association has kind of been my "Baby" and it makes me feel real good that all the hard work of all Board Members and Committee members, since day one, has made Lake Entiat Estates a real big success. We had a long hard struggle, but it has been worth it.

I want to wish the new Board lots of success I'm sure you'll all do a good job.

Audrey M. Sch. ts
